Sir John Soane's Museum announces *Inspired by Soane: Brand Licensing*, a new commercial scheme that sees the Museum collaborating with talented design brands. With unprecedented access to the Soane's collection, archives and research services our licensing partners have created a wide range of unique objects and products including bespoke and historic wallpaper, luxury chimneypieces, ornate 18th-century antique mirrors, bespoke model stands, classic and contemporary furniture, large-scale interior prints, fine garden ornaments and architectural stonework. These licensed products help to promote awareness of the Museum and generate valuable income which goes towards the continued work of the Museum.
